# WELCOME TO PMB - 2018

Hazel Group, we take pleasure to announce The First edition of International Conference on Plant and Molecular Biology has been scheduled during February 22-24, 2018 at Paris, France. With indeed focus on the essential progression of developments and advancements through the latest upfront plant research and practice.

This meeting includes several interactive sessions specifically designed for highly acclaimed educational activity which has been considered one of the predominant meetings on this subject. The objective of the Plant Conference 2018 is to reinforce "The Role of Plant in Advancing Global ecosystem productivity", Abstracts must contain original research data collected by the author(s). Presentations will be selected based upon their articulation, design and other characteristics, which cover wider aspects of plant 2018 science research as well as its policies related within the themes. The conference enhanced through the provision of the interactive keynote, workshops, oral, and poster presentation sessions. Each Individual presenter will be assigned with 30 minutes time duration to express his/her research experiences followed by an interactive discussion led by leading authorities.

The committee aims to create a friendly, warm network environment among participants which makes it easy to interact other colleges/attendee to connect with each other and share their ideas and establish the foundation for future vision and development. We look forward to meeting all of you in **Paris**.
